

## Letter of Recommendation

To whom it may concern,

Anurag Gupta worked with FTWRebels Tech Pvt Ltd as an SDE Intern from January 2022 to February 2022. He was responsible for developing and designing the websites.

Anurag, a self-taught coder is enterprising and is extremely driven. These qualities made him fit right into a dynamic work environment. He was found to be dedicated, timely, and creative with the work that was assigned to him.

Anurag's work ethic is commendable and he takes complete ownership of the tasks allotted to him. In such a short period of time, he understood our vision and became one with it.

I am very sure Anurag will add incredible value to any organization he's a part of and I highly recommend him for anything that has to do with SDE.

We at FTWRebels Tech Pvt Ltd, wish him the very best for the future!

Best,

Devansh Sanghavi

Co-founder and CEO
